

AEROSONDE[®] 4.8 HQ FTUAS

The Aerosonde[®] Uncrewed Aircraft System (UAS) is a proven combat aircraft with 600k hours of mission support in some of the world's most challenging environments. Purpose-built to meet the U.S. Army's Future Vertical lift requirements, The Aerosonde Mk. 4.8 Hybrid Quad (HQ) FTUAS has enhanced flexibility with a runway-independent configuration that uses Hybrid Quadrotor technology to achieve vertical takeoff and landing (VTOL). With its expanded size, weight and power (SWAP) profile, the system can execute the Army's Brigade Combat Team's Aerial Reconnaissance missions while retaining its two-soldier portability that enables rapid system movement by UH-60 Helicopters or tactical vehicles.

► PUSHING PAST POSSIBLE

DESIGNED FOR THE FUTURE – READY TODAY

With more than 30 years of uncrewed aircraft experience, Textron Systems has supported numerous programs of record for the DoD and accumulated over 3 million flight hours. Combined with the Aerosonde system's proven performance and benchmark-setting reliability, the Aerosonde Mk. 4.8 HQ brings unparalleled levels of mission capability and flexibility. We continue to successfully provide reliable UAS solutions to our U.S. troops and their allies in support of military operations across the globe.

FEATURES & BENEFITS

Building on the system's success as part of the Future Tactical UAS (FTUAS) program's Increment 0 effort, the Aerosonde Mk. 4.8 HQ addresses critical warfighter needs with:

SIMPLIFIED LOGISTICS & USABILITY:
expeditionary system with small footprint

MODULAR OPEN SYSTEM APPROACH (MOSA):
simplifies technology refresh, incorporates innovation, enables cost savings/cost avoidance

TRANSPORTABILITY:
requires only two soldiers to carry cases and assemble the aircraft

RAPID EMPLACEMENT:
entire UAS can be assembled and launched in under 30 minutes

HEAVY FUEL ENGINE (JP-8):
improves logistics and removes need to transport additional ground support equipment

SPECIFICATIONS

TAKEOFF WEIGHT
205 lbs

ENDURANCE
14-hrs

CEILING
>15,000 msl.

PAYLOAD
30-lb available

Optimized for rugged austere environments

Heavy fuel engine minimizes logistics

2-soldier portability
