CONTRACTOR LOGISTICS SUPPORT (CLS)

EXPERIENCE

Textron Systems Simulation and Training is comprised of companies with more than 25 years of experience. We have a proven track record of excellent support in a wide variety of programs, including:

- > B-1 Training System
- > C-17 Training System
- > JSTARS Maintenance Training System

Whether your system requires on site, on call, or help desk support, we have the solution.

RESPONSIVENESS

We always meet and typically exceed a required availability rate or training system availability of 95%. This type of efficiency allows more time to train, which means more personnel are mission ready when the time comes.

TRAINING SYSTEM SUPPORT CENTER (TSSC) SERVICES

Training System Support Center (TSSC) is a critical element to long term training system sustainment. Our team of highly skilled engineers provide all the modifications and upgrades necessary to keep your devices current with the latest aircraft configuration.

PRESENCE

Our extensive CLS/TSSC network includes the largest United States Air Force training system, as well as an international presence.

We maintain over 100 Aircrew and Maintenance training devices including:

- > 40 Maintenance Training Devices (MTDs)
- > 30 Weapon Systems Trainers (WSTs)
- > 3 Cargo Compartment Trainers (CCTs)
