To whom it may concern:

Process Enhancement Partners, Inc. (PEP) is pleased to inform you that our client, Textron Systems: Unmanned Systems Software Organization successfully exhibited all the characteristics necessary to attain SEI CMMI®-DEV 1.3 Maturity Level 5 during its SCAMPISM -A appraisal conducted during September 2017.

The activities of the Textron Systems: Unmanned Systems Software Organization Process Improvement program include but are not limited to:

- training in the CMMI®;
- on-going mentoring and coaching in the CMMI®; process improvement techniques, methods, and approaches;
- detailed process improvement program progress monitoring and tracking as well as
- Process Improvement planning and progress tracking.

As part of Textron Systems: Unmanned Systems improvement program, active and historical process improvement data and reports are available, including the Final Briefing from the SCAMPISM "A" presented on 28 September 2017.

if you would like further information on this successful PEP-client program, please feel free to contact me directly.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Mark F. Rabideau', is written over a faint, larger version of the signature.
