TECHNOLOGY AS A DISCRIMINATOR

- > Continual IRAD Investment
- > Vertically Integrated
- > Modular Commercial Products

DELIVERY AS A DISCRIMINATOR

- > Commercial Catalog Pricing
- > Build to Inventory
- > Fast-Customization

SCALE AS A DISCRIMINATOR

- > Mature and Active Manufacturing
- > Global User Community
- > Efficiencies of Scale

WHAT TEXTRON SYSTEMS ELECTRONIC SYSTEMS DOES

WE DESIGN AND BUILD...

- > Factory and Depot Automated Test Systems (T/R Modules, Payloads)
- > Rugged, Operational Test Systems (RF Comms, Radar, EO/IR)
- > Embedded Training Systems (Aircraft, Satellite, Ships, Vehicles)
- > Robust, Transportable Military and Commercial Training Systems
- > Virtual Training Systems (Aircraft, Satellite, Ships, Vehicles)
- > Full-fidelity Interactive Crew, Mission, Maintenance Training
- > Full-fidelity Electromagnetic Environment Simulation Systems
- > Signal Generation and Measurement Systems
