

## **Contracting Vehicles**

### **General Services Administration (GSA) Schedules**

– for contracting with AAI Services Corporation

### **Logistics Worldwide (LogWorld) Services**

### **Specialty Item Numbers (SINs)**

#### **874-501 Supply and Value Chain Management Services**

This SIN includes planning, development, management, operation and maintenance of logistics systems. These systems may relate to acquisition support, movement and maintenance of resources (including material requirements determination and acquisition planning, storage, movement, distribution, maintenance, evacuation and disposition of material and equipment); asset or property visibility and management; and operation and maintenance of the infrastructures that support these activities.

#### **874-502 Acquisition Logistics**

Services under this SIN are within the logistics management discipline, which support a product or system through its life cycle. Services may include Acquisition Logistics or Integrated Logistics Support associated with the design, development, test, production, fielding, sustainment and improvement of cost effective systems including the eventual disposal or salvage of these systems.

#### **874-503 Distribution and Transportation Logistics Services**

This SIN includes moving and storage, transportation system development and management, carrier management/routing and freight forwarding (excluding household goods and small package services). These services may include planning and design, implementation or operation of systems or facilities for the movement of goods, supplies, equipment or people by road, air, water, rail, or pipeline. Commercial passenger airline services covered by the Airline City Pair Program are excluded.

#### **874-504 Deployment Logistics Services**

This SIN includes contingency planning; inventory and property planning, movement, storage and accountability; and communications and logistics systems to permit rapid deployment and management of supplies and equipment. Contractors may provide expert advice, assistance, guidance or operational support to identify and utilize existing regional or global resources, identify alternative capabilities and plan for effective integration of public and private sector support or resources.

### **874-505 Logistics Training Services**

This SIN includes training in system operations and automated tools for supply and value chain management, property and inventory management, distribution and transportation management and maintenance of equipment and facilities supporting these activities.

### **874-507 Operations & Maintenance Logistics Management and Support Services**

Planning, designing, managing, operating and maintaining reliable and efficient systems, equipment, facilities and logistics infrastructures to improve equipment and logistics performance, and reduce life cycle costs. Typical tasks include complete turnkey operations, maintenance and support services, base operations support (BOS), depot maintenance, preventative maintenance planning, fleet/property management and maintenance, mobile utility support equipment operation, maintenance and repair, strategic account/project management, integrated facility management and operations management support. Excluded from these services are construction, and the operation of computer centers (which is covered under the IT Schedule).

### **874-599 Introduction of New Service**

This SIN includes new services within the scope of the schedule, but not specifically covered by a numbered SIN. Service must have the potential to provide the Government with a more economical or efficient means of meeting missions requirements.
