Textron Systems’ Aerosonde Small Unmanned Aircraft System (SUAS) offers superior reliability and multi-mission performance in its class. Our skilled operators and maintainers are delivering thousands of flight hours monthly with the Aerosonde SUAS for customers around the world. Designed for expeditionary land- and sea-based operations and equipped for simultaneous day-and-night full-motion video, communications relay and intelligence in a single flight, the Aerosonde SUAS delivers reliable, multi-mission performance in a class by itself.
Textron Systems’ Aerosonde SUAS is field-proven over more than 150,000 flight hours, including desert heat and Arctic cold. Equipped for day/night full-motion video, communications relay, signals intelligence and a customer-selected payload in a single flight, the aircraft offers up to 200 watts of payload power for true multi-mission flexibility. We couple that capability with numerous business models including full system sales with training services, turnkey fee-for-service operations, and a hybrid business model that includes hands-on training during operations.

**SIZE, WEIGHT & POWER OPTIMIZATION**

- **PAYLOAD**: 20 lb (9.1 kg), or 200 W
- **MAX WINGSPAN**: 11.9 ft (3.6 m)
- **CEILING**: 15,000 ft (4,572 m) density altitude
- **RANGE**: 140 km (75 nm)
- **WEIGHT**: 80 lb (36.4 kg)
- **ENDURANCE**: 14+ hr
- **UHF-, L-, S- and C-Band capability**

**FLEXIBLE CONFIGURATIONS**

- **Expeditionary Ground Control Station with on-the-move command-and-control capability**
- **Easy-to-use launch and recovery trailer for constrained land and shipboard operations**
- **Mobile hub configuration fits in a small cargo van for on-the-move situational awareness**
- **Covert operation, with negligible visual and auditory signature**
- **Roll-on, roll-off capability with a small footprint**

Highly portable configurations accommodate a range of operational concepts.
The purpose-built Lycoming EL-005 heavy-fuel engine delivers benchmark-setting reliability.
A small footprint enables efficient maritime operations with no ship alterations.
